

The ultimate defense against the weather.

 **Hydrofend®**

Powerful Protection, Lasting Durability

Hydrofend® is designed with great water resistance and long-lasting durability, creating the ultimate protective cover fabric. From boat and personal watercraft covers to a variety of other uses, Hydrofend offers water resistance up to six times greater than uncoated fabrics, making it ideal for keeping boat and personal watercraft, outdoor storage areas, and outdoor furniture dry.

Forged from durable polyester monofilament yarn, the incredible tear and tensile strength of Hydrofend will handle many application requirements. A proprietary back coating armors up this tough-wearing textile to block and defend against moisture, creating a strong barrier during the heaviest weather.

Functional Style That Wins

Hydrofend comes in 13 rich colors, engineered to hold their vibrancy season after season thanks to a solution-dyed fiber construction. Not your typical coated cover fabric, Hydrofend is specially back-coated, leaving the face side with an attractive matte, woven look.

Surprisingly lightweight, Hydrofend is easy to tow without wind-whipping, and to pack up and store without cracking. Breathability helps keep this functional fabric from picking up mold and mildew.

Exceptional Performance

- Excellent water repellency
- Gel-coat friendly, non-abrasive back
- High tear & tensile strength
- Mold & mildew resistant
- Fade resistant
- Bleach cleanable
- Easy to tow without wind-whipping
- Lightweight and easy to store without cracking
- Resists puckering when sewn
- Fray resistant

Hydrofend does not require a hot knife or serging during fabrication and resists unraveling. As with most coated products, for best results, the non-coated face of the fabric should be exposed to the sun.

5-Year Warranty*

This limited warranty covers the fabric becoming unserviceable because of loss of color or strength from normal usage and exposure conditions, including sunlight, mildew and atmospheric chemicals. This limited warranty coverage runs for 5 years* from the date of original installation. Consumer is responsible for normal care and cleaning of the fabric. The warranty covers fabric only and not improper installation. We will supply new fabric to replace the fabric that becomes unserviceable. The liability of Trivantage or its affiliates is expressly limited to this warranty.

*3-year limited warranty for Deep Maroon and Radiant Red

Hydrofend is proudly made in the U.S.A.
